

ANILÚ

18 YEARS OLD
Acute Lymphoblastic Leukemia

Anilú was diagnosed with ALL type B when she was 8 years old. She received treatment for 2 ½ years. She was the inspiration behind Anilú's Partners, Inc a non-profit that make covers with funny characters for the I.V. Poles.

Anilú is a champion that is turning 18 years old in September. She participates in a cheerleading team for special needs and loves being part of a team. She wants to go to college and work in the medical field.

As she remembers her treatment, she wishes that the pooppy cells (cancer cells) disappear forever.
