6 YEARS OLD

Acute Lymphoblastic Leukemia

Meet Charlotte, a spirited and resilient girl who has been courageously battling leukemia since January 2022. Despite facing numerous challenges, Charlotte's unwavering spirit, tenacity, and the support of her family, friends, and medical team have been her guiding light on her inspiring journey.

Charlotte became ill and underwent several medical tests. It was quickly discovered she had acute lymphoblastic leukemia (ALL). The diagnosis was heart-wrenching and devastating and marked the beginning of a challenging chapter in her life. Charlotte's treatment journey has been a rollercoaster of emotions, from the initial shock to the routines of chemotherapy, hospital stays, and countless medical procedures. She formed close bonds with her medical team and child-life specialists. Charlotte quickly coined the nickname "RockChar" because that's exactly what she is - a rockstar.

Charlotte will remain in treatment until May 2024. She proves to her family every day that even in the darkest of times, there is still hope, faith, and so much love. We love you RockChar!

Despite the physical and emotional toll, Charlotte's vibrant personality continues to shine.

Think about all the smiling faces you have helped while you run or walk!
