

ELIZABETH

31 YEARS OLD

Acute Lymphoblastic Leukemia

I am a Child Life Specialist and am so grateful to be doing this now!

I love to run, I enjoy a Lux latte, I adore my niece and nephew, and I faithfully peruse Facebook Marketplace for home things.

I was very young when I was diagnosed, so the impact that cancer has had on me is primarily on a relational level. The compassion of the nurses, doctor, and child life specialist made an incredible impact on my family and me. They created an atmosphere of gentleness and care that offered us safety in the midst of the unknown. I have now gotten to work and volunteer alongside some of the very same nurses who helped me, and they still feel like some of the most special and significant people in my life.

Joshua 1:9 has always been our favorite verse as a family. It talks about how the Lord is with us at all times... it is only because of this that we do not have to be afraid or discouraged.

'Have I not commanded you? Be strong and courageous. Do not be afraid; do not be discouraged, for the Lord your God will be with you wherever you go.' Joshua 1:9

Think about all the smiling faces you have helped while you run or walk!
